André Butzer

b. 1973, Stuttgart, Germany

안드레 부처는 독점적으로 회화라는 매체와 역사에 대해 작업을 발전시킨다. 90년대 중반부터 부처는 만화 같은 캐릭터를 표현하는 그의 다채로운 페인팅을 통해 국제적인 명성을 얻었다. 그의 작품은 회화의 매체에 대한 한계와 가능성을 탐구한다.

Andre Butzer develops his works exclusively around the painting medium and its history. From the mid-1990s on, Butzer gains international recognition through his colourful paintings, representing cartoon-like characters. His work explores the limits and possibilities of the medium of painting.
